

## Who we are:

The Tennessee Department of Transportation provides citizens of Tennessee and travelers with one of the best transportation systems in the country. TDOT is a multimodal agency with responsibilities in building and maintaining roads, aviation, public transit, waterways, railroads, cycling and walking. Our involvement ranges from airport improvements to funding transit buses to planning for river ports.

The Department of Transportation has more than 4,000 employees statewide with regional facilities in Knoxville, Chattanooga, Nashville and Jackson. TDOT's headquarters is located in downtown Nashville.

## What we do:

The Region 3 Bridge Inspection Division identifies and records structural or functional deficiencies, vehicular collision damage, concrete or steel deterioration, scour problems, etc. on Region 3's share of the 19,822 bridges in the state.

## For more information on this division, please see link below:

### TDOT Intern

Headquarters Environment – Ecology & Permits Office

Location: Nashville, TN

Compensation: \$16.00/hourly

#### Overview

The Tennessee Department of Transportation is currently hiring a student intern for the Headquarters Environment Division's Ecology and Permits office located in Nashville, TN. This intern will assist Environmental Engineering staff on conducting reviews of environmental data and plans, preparing permit applications, coordinating with state and federal regulatory agencies during the permits processing and public notice periods, and distributing water quality permits for construction projects throughout the statewide transportation system.

#### Responsibilities

- Provide roadway designers with a permit assessment for plan development to meet all the environmental requirements necessary for permit application.
- Apply for state and federal environmental permits for TDOT construction projects to comply with environmental regulations measurements and record channel profiles.
- Coordinate with TDOT Design, TDOT Construction, TDOT Operations, TDEC, USACE and TVA staff to provide clarity on permit requirements and resolve environmental issues identified during construction.

#### Qualifications

- Civil Engineering major preferred.
- Junior, or Senior Class Status required as of May 2021 OR recent Graduate as of Spring 2020.
- Legally authorized to work in the U.S.
- Knowledge or Experience of Environmental Permitting, Water Quality and/or Stormwater preferred.
- Effective written and oral communication, attention to detail, organized, active listener, and multi-tasker.

**Please attach a two (2) page maximum résumé and a transcript to your application.**

**Selected candidates will be required to provide two letters of reference (professional, or personal).**

*Pursuant to the State of Tennessee's Workplace Discrimination and Harassment policy, the State is firmly committed to the principle of fair and equal employment opportunities for its citizens and strives to protect the rights and opportunities of all people to seek, obtain, and hold employment without being subjected to illegal discrimination and harassment in the workplace. It is the State's policy to provide an environment free of discrimination and harassment of an individual because of that person's race, color, national origin, age (40 and over), sex, pregnancy, religion, creed, disability, veteran's status or any other category protected by state and/or federal civil rights laws.*
