REMARKS:	<p>Philip Clint,</p> <p>Attached are CADD files and Excel files for the next set of processed information. The new chain for this batch of data is Storm 4D. All other points, "Storm" chains and profiles are the same as previous files submitted. Please note that there will be no files named "440 SUE Cogo Points D Points.dgn" or "D" points because the survey already included "D points". This would allow for confusion if used.</p> <p>Please let us know if you have any questions.</p> <p>Thank you.</p>
