REMARKS:	<p>Philip Clint,</p> <p>Attached are CADD files and Excel files for the next set of processed information. The new chains for this batch of data are 4F, 4G, 5E, 5F, 5EADD, and 5FADD. The data was received in separate sets due to work restrictions from Friday evening until yesterday. Yesterday's data supplemented the first set so the "ADD" is for additional points. The profile of each chain is displayed, but the Best Fit is an attempt to link the profiles (5E, 5EADD, 5F, & 5FADD). All other points, "Storm" chains and profiles are the same as previous files submitted. Please note that there will be no files named "440 SUE Cogo Points I Points.dgn" or "I" points as that looks too similar to the number 1 and could create confusion.</p> <p>Please let us know if you have any questions.</p> <p>Thank you.</p> <p>C.J.
