REMARKS:	<p>Philip and Clint,</p> <p>Attached are CADD files and Excel files for the next set of processed information. The new chain for this batch of data is Storm4E. Chain Storm4F and its profile has been updated for additional information. All other points, "Storm" chains and profiles are the same as previous files submitted. I've added notes in red regarding locations which are not accessible due to significant debris and. These cannot be accessed from the opposite direction due to large drops from pipes into structures. Note that the letter "S" was skipped so as to not cause conflicts with any similarly named points from the survey.</p> <p>Videos for these areas will follow in a separate transmittal.</p> <p>Please let us know if you have any questions.</p> <p>Thank you.</p> <p>C.J. Tong, P.E. GRESHAM, SMITH AND PARTNERS <i>Architecture, Engineering, Interiors, Planning</i> www.greshamsmith.com</p>
