<b>REMARKS:</b>	<p>Philip,</p> <p>Sorry for the long delay in this information. The field crew had trouble uploading the large files. Attached are the final videos for the I-440 SUE, the corresponding reports, and the updated CADD file locating the videos to the project.</p> <p>Please note that JB5 and WE9 have sump conditions and each has large rocks blocking the flow. The debris will need to be cleaned out. Also, NRCB1 seems to be a concrete wall with 2 CMPs stubbed into it.</p> <p>This concludes all the data from the Priority 1 and Priority 2 areas and the video taken of all runs.</p> <p>If you have any questions please let us know.</p> <p>Thank you.</p> <p><b>C.J. Tong, P.E.</b></p>
