REMARKS:	<p>Philip Clint,</p> <p>Attached are CADD files and Excel files for the next set of processed information. I am including separate point .dgn files for each batch received to this date. In this most recent batch some points that were already processed were included in the information we received. Having separate files should help you distinguish this if you need to do so. None of the duplicate points were re-processed. I have also included a SUE Chains.dgn displaying only the "Storm" runs. New chains for this batch of data are Storm 3C, Storm 3D, Storm 5C, Storm 5D, Storm 7E, Storm 7D, and Storm 8A. All other points, "Storm" chains and profiles are the same as previous files submitted.</p> <p>Please let us know if you have any questions.</p> <p>Thanks you.</p>
