re: US-64 Bridge

Dear Rick,

As per the agreed to process at our meeting in March on the US-64 HWY bridge project over the Ocoee River in Polk County, TN , the Ocoee Utility District agrees that:

- The District is in agreement to attach the water line to the bridge,
- avoid obtaining any additional easements,
- include the relocation/replacement water line in the TDOT State Contract

If there are any other issues or items that come up with the water line portion of the project please let me know.

Sincerely,

Tim C. Lawson, General Manager
Ocoee Utility District
