RE: Federal Highway Administration (FHWA), Architecture Review, SR-222 From near Proposed SR 468 to near Camp Ground Road, TDOT PIN 132709.00, Project#: SHPO0002118, Stanton, Haywood County, TN

Dear Mr. Santangelo:

In response to your request, we have reviewed the architectural survey report and accompanying documentation submitted by you regarding the above-referenced undertaking. Our review of and comment on your proposed undertaking are among the requirements of Section 106 of the National Historic Preservation Act. This Act requires federal agencies or applicants for federal assistance to consult with the appropriate State Historic Preservation Office before they carry out their proposed undertakings. The Advisory Council on Historic Preservation has codified procedures for carrying out Section 106 review in 36 CFR 800 (Federal Register, December 12, 2000, 77698-77739).

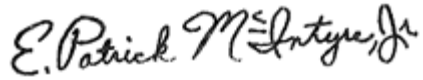

Considering the information provided, we concur that the Oak Hill Farm is not eligible due to insufficient integrity (loss of buildings). We further concur that no architectural resources eligible for listing in the National Register of Historic Places will be affected by this undertaking.

The revised consultant report mentions connector roads as part of the Blue Oval Megasite project. Please confirm that these have already been reviewed or will be reviewed for Section 106 compliance. In the future, the cover letter should state if the undertaking has been revised since the last submission and provide detail on the revised scope of work. The consultant report shows that the project has been shortened from 3.81 miles to 2.04 miles, but the cover letter only states that the project is 2.04 miles with no explanation that this was revised from the initial submission.

If project plans are changed please contact this office to determine what further action, if any, will be necessary to comply with Section 106 of the National Historic Preservation Act. Please include the Project # when submitting additional information regarding this undertaking. Questions or comments may be directed to Casey Lee, who drafted this response, at Casey.Lee@tn.gov, +16152533163.

Your cooperation is appreciated.

Sincerely,
