## Trans Proj Specialist Supervisor 1/ Civil Engineer

TDOT Region 3 Project Development's Design Unit

Location: Davidson County

Compensation: \$5,154/month or \$5,412 w/PE or MS

### Overview

TDOT is currently accepting applications for a Transportation Project Specialist Supervisor 1 in the Design Unit of Project Development. This position is responsible for directing and coordinating the activities of technical level engineers as well as performing design work in areas related to designing roadways.

### Responsibilities

- Coordinate activities of a design team
- Approving design plans and communicating with staff and other divisions
- Answers technical questions for subordinates, peers, consultants or contractors to clarify project information as it relates to the design of the roadway
- Mentors assigned subordinates by providing feedback and encouraging effective and efficient performance

### Qualifications

Education equivalent to graduation from an accredited college or university with a bachelor's degree in civil engineering and experience equivalent to four years of full-time professional civil engineering work; this may include student assistant or college seasonal civil engineering work with the State of Tennessee. Possession of a PE license in TN in either Civil Engineering or Structural Engineering may substitute for the required Bachelor's Degree.

OR

Possession of a Master's degree in civil engineering from an accredited college or university plus three years of full-time professional engineering work.
