## Environmental Division Technical Studies Office Cultural Resources Section Archaeology Supervisor

TDOT Location: Nashville, TN

### Overview

The Tennessee Department of Transportation (TDOT) Environmental Division Technical Studies Office is currently hiring a full-time Archaeology Supervisor in the Cultural Resources Section in Davidson County.

The Cultural Resources Section is a vital part of TDOT's Project Development and Delivery processes as well as operation and maintenance of existing facilities. The Section is responsible for ensuring compliance with the National Historic Preservation Act of 1966 and Tennessee Code Title 11 Chapter 6. The Section identifies and assesses effects to historic and archaeological resources within a TDOT project area and conducts interagency coordination and consultation with state and federal agencies. TDOT Archaeology consults with the State Historic Preservation Office, the TN Historical Commission, and Consulting Parties throughout project development.

### Responsibilities

- Supervise staff responsible for ensuring compliance with the with the National Historic Preservation Act of 1966 and Tennessee Code Title 11 Chapter 6
- Develop and review staff/consultant archaeological survey reports
- Conduct interagency coordination and consultation with state and federal agencies for Archaeological resources on TDOT projects.
- Work with the project designers to avoid and minimize impacts to National Register listed or eligible archaeological resources
- Assist with development of written processes, training, and QA/QC for project deliverables
- Educate and help TDOT staff outside the Cultural Resources Section understand state and federal statutes, rules, and regulations that pertain to archaeology resources

### Qualifications

#### Education and Experience

An ideal candidate would have a graduate degree in archaeology, anthropology, or closely related field with demonstrated experience conducting archaeological surveys, documenting those findings in reports, and conducting interagency consultation and coordination with state and federal agencies. The candidate would also possess the needed education and experience to meet the Consultant Qualifications in the TN SHPO Standards and Guidelines for Archaeological Resource Management Studies.

Refer to next page for a full list of Minimum Qualifications and substitutions.

#### Special skills, knowledge or experience required or desired

Experience interpreting roadway plans, technical writing, and excellent communication skills.
