

Who we are:

TDOT is a multimodal agency with responsibilities in aviation, public transit, waterways, railroads, and cycling and walking.

The Department of Transportation (TDOT) has close to 4,100 employees statewide with regional facilities in Knoxville, Chattanooga, Nashville, and Jackson. TDOT's headquarters is located in downtown Nashville.

What we do:

The Tennessee Department of Transportation (TDOT) provides citizens and travelers of Tennessee with one of the best transportation systems in the country.

Graduate Transportation Associate

Regional Operations - Construction

County Locations: Blount, Coffee, Cumberland, Hamblen, Haywood, Knox, Putnam, Warren & Washington

Compensation: \$4,240.00/month with BSCE & \$4,452.00/month with MSCE

Overview

TDOT is comprised of 4 regional locations, with each being responsible for construction operations in their respective locations. Major areas of operational responsibilities in the regions are highway maintenance and repair, construction engineering, traffic and highway marking, bridge repair and inspection, state aid program and administration, materials and tests, garage and procurement, and office administration.

Other key responsibilities include management of project processes and status to ensure timely and fiscally responsible delivery of state highway transportation projects adhering to state and federal rules and regulations.

Responsibilities

The Regional Construction GTA's manage projects to ensure construction of roads and bridges adhere to plans, contracts and specifications. Responsibilities include attending project meetings and field reviews to ensure project tasks are completed on schedule, reviewing plans, specifications and contracts, measuring installed quantities on construction projects, utilizing GPS instruments, solving technical problems in the field, and calculating monthly estimates for payment.

Qualifications

A Bachelor's or Master's degree in Civil Engineering is required. Additionally, the GTA must pass the Fundamentals of Engineering (FE) Examination within eleven months of employment.

The ideal GTA candidate would be adept at multitasking, enjoys working in an outdoor environment, enjoys tough challenges, has a basic understanding of roadway design and geometrics, and has good communication and decision-making skills.

Applications must be submitted online in order to be considered for the position.
