

Who we are:

TDOT is a multimodal agency with responsibilities in aviation, public transit, waterways, railroads, and cycling and walking.

The Department of Transportation (TDOT) has close to 4,100 employees statewide with regional facilities in Knoxville, Chattanooga, Nashville, and Jackson. TDOT's headquarters is located in downtown Nashville.

What we do:

The Tennessee Department of Transportation (TDOT) provides citizens and travelers of Tennessee with one of the best transportation systems in the country.

Graduate Transportation Associate

Regional Project Development – Environmental Tech Office

County Locations: Knox, Madison

Compensation: \$4,240.00/month with BSCE & \$4,452.00/month with MSCE

Overview

TDOT is comprised of 4 regional locations, with each being responsible for project design in their respective locations. Major areas of project development responsibilities are design and project delivery, technical right-of-way and utilities, survey and environmental planning.

Other key responsibilities include management of project processes and status to ensure timely and fiscally responsible delivery of state highway transportation projects adhering to state and federal rules and regulations.

Responsibilities

The Environmental Tech GTA's responsibilities include using design software to prepare plans with erosion prevention and sediment control emphasis, attend planning and design field reviews, and formulate storm water pollution prevention plans. Additionally, the GTA will learn to review permit assessments and modifications.

Qualifications

A Bachelor's or Master's degree in Civil Engineering is required. Additionally, the GTA must pass the Fundamentals of Engineering (FE) Examination within eleven months of employment.

The ideal GTA candidate will have strong verbal and written communication skills, have time management skills, enjoys working in an outside environment and has experience in technical software such as Microstation and Geopak. The ideal GTA candidate must also have the ability to travel to prospective project sites in state vehicle within region.

Applications must be submitted online in order to be considered for the position.
