

Who we are:

TDOT is a multimodal agency with responsibilities in aviation, public transit, waterways, railroads, and cycling and walking.

The Department of Transportation (TDOT) has close to 4,100 employees statewide with regional facilities in Knoxville, Chattanooga, Nashville, and Jackson. TDOT's headquarters is located in downtown Nashville.

What we do:

The Tennessee Department of Transportation (TDOT) provides citizens and travelers of Tennessee with one of the best transportation systems in the country.

Graduate Transportation Associate

Regional Operations – Materials & Tests

County Locations: Knox

Compensation: \$4,240.00/month with BSCE & \$4,452.00/month with MSCE

Overview

TDOT is comprised of 4 regional locations, with each being responsible for materials testing in their respective locations. Major areas of operational responsibilities in the regions are highway maintenance and repair, construction engineering, traffic and highway marking, bridge repair and inspection, state aid program and administration, materials and tests, garage and procurement, and office administration.

Other key responsibilities include management of project processes and status to ensure timely and fiscally responsible delivery of state highway transportation projects adhering to state and federal rules and regulations.

Responsibilities

The Regional Materials & Tests GTA will be responsible for overseeing the regional independent assurance program and the Ready Mix Concrete Program. This includes reviewing monthly lettings for contracts requiring testing, approving ready mix plant process control plans, performing inspections, assisting with annual audits and maintaining documentation. Additionally, the GTA will collect samples, run tests and inspect operations for assigned plants by following standard operations procedures and departmental guidelines.

Qualifications

A Bachelor's or Master's degree in Civil Engineering is required. Additionally, the GTA must pass the Fundamentals of Engineering (FE) Examination within eleven months of employment.

The ideal GTA candidate will have basic knowledge of construction materials, able to read plans and shop drawings, and able to communicate effectively with small and large groups.

Applications must be submitted online in order to be considered for the position.
