

## **TDOT Environmental Studies Specialist Advanced**

### **NEPA Office, NEPA Section (2 Positions)**

The TDOT NEPA Office is responsible for the preparation of environmental documents in compliance with the National Environmental Policy Act (NEPA) for federally funded transportation projects in Tennessee. The NEPA Section within the NEPA Office is primarily responsible for the development of Categorical Exclusion (CE) level NEPA documents and state level Transportation Environmental Evaluation Reports (TEER).

This TDOT Environmental Studies Specialist Advanced (TESS-Advanced) position will primarily be responsible for the development of moderate to complex NEPA documents assigned to the NEPA Section. For assigned documents, the TESS-Advanced is responsible for ensuring the documents are compliant with relevant statutes, regulations, and guidance and are completed within the agreed upon TDOT project schedule. The TESS-Advanced will collect and analyze project related data, prepare the NEPA document, maintain detailed project files that document the NEPA decision, and distribute and store NEPA documents according to NEPA Office standards. Ideal candidates will have an intermediate to advanced working knowledge of NEPA documentation as it relates to transportation projects.
