

## Who we are:

The Tennessee Department of Transportation provides citizens of Tennessee and travelers with one of the best transportation systems in the country. TDOT is a multimodal agency with responsibilities in building and maintaining roads, aviation, public transit, waterways, railroads, cycling and walking. Our involvement ranges from airport improvements to funding transit buses to planning for river ports.

The Department of Transportation has more than 4,000 employees statewide with regional facilities in Knoxville, Chattanooga, Nashville and Jackson. TDOT's headquarters is located in downtown Nashville.

## What the Division does:

Regional Operations is responsible for directing the administrative, engineering, and technical activities for multiple offices within middle Tennessee's 24 counties of Region 2, including Construction and Maintenance offices across three districts, Bridge Inspection and Repair, Materials and Tests, Intelligent Transportation Systems, Traffic Engineering, and Incident Response.

### Civil Engineering Intern

Region 2 Operations – Maintenance

Location: Dunlap, TN

Compensation: \$20.00/hourly

### Overview

The Tennessee Department of Transportation is currently hiring a student intern for the Region 2 Operations office located in Dunlap, TN. This intern will observe various units and the interaction that TDOT Maintenance Operations has with: Materials and Tests, Bridge Repair, Bridge Inspection, Geotech Engineering, Utilities, Construction Offices. The maintenance intern will be exposed to every aspect of what it takes to maintain and plan for keeping roadways in good condition.

### Responsibilities

- Develop a handbook for use by all Maintenance units in the district for entrance permitting for single family homes and farm or barn entrances.
- Analyze the key work activities that relate to drainage on the state routes that go up and down from the Cumberland Plateau.
- Participate in both Maintenance Quality Assessment (MQA) program and the Culvert Condition Assessment Program (CCAP) for the district.
- Prioritize work that can be done realistically by TDOT Operations as they relate to both Bridge inspection reports and small structure reports, mostly with erosion and/or vegetation recommendations.

### Qualifications

- Civil Engineering, or construction management major required
- Graduate Student, Junior, or Senior Class Status required as of May 2023 OR recent Graduate as of Spring 2022
- Legally authorized to work in the U.S.
- Familiarity with foundational transportation engineering concepts.
- Strong written and oral communication skills.
