

# ABIGAIL Louderback

**Transportation Engineering Specialist 3,  
Region 2**

*You Rock!*

***Congratulations!***

Congratulations to Region 2, District 27 employee Abigail Louderback for obtaining her Professional Engineering License on her first attempt! Abigail is an Engineering Specialist. She has been with TDOT for 4.5 years. She received her Bachelor's Degree in Civil Engineering from Tennessee Technological University. Abigail is a strong asset for our district and TDOT. We look forward to her continued success at TDOT!

# ALEX Christie

**Transportation Engineering Specialist 3,  
Region 1**

*You Rock!*

***Congratulations!***

Congratulations to Region 1 employee Alex Christie for getting his Professional Engineering License in May! Alex is a Transportation Specialist in the Utilities Division and has been with TDOT for 6 years.

# ANDREW Little

**TDOT Operations District Supervisor,  
Region 4**

*You Rock!*

***You make TDOT great!***

Drew is the most helpful supervisor I have ever worked with. He is understanding, knowledgeable and willing to take time to teach you. He inspires loyalty which is hard to do nowadays.

# DAWN Johnson

**Transportation Program Monitor 2,  
HQ Safety Division**

*You Rock!*

***Congratulations!***

Congratulation to Dawn Johnson for pursuing higher education and graduating with an MPS in Human Resources Leadership with a Specialty in Training and Development. Dawn worked diligently on her degree while working full time for TDOT. Dawn is a huge asset to TDO, leading our statewide PPE Program and Safety Campaign Committee along with her many other job duties with the HQ OHS Division. Dawn, thank you for being part of our TDOT family! We are very proud of all you have and will achieve!

# JOSH Sensat

**TDOT Mechanic Senior,**  
Region 2

*You Rock!*

***Thank you, for going the extra mile!***

Josh went above and beyond the call of duty! After clocking out at the end of the day on a Friday, Josh received a call about a stranded HQ employee while on his way home. Josh immediately turned around and headed back to the county garage. Josh then picked up the flatbed wrecker, headed to the stranded employee, and towed the employee back to the garage. He was able to provide the employee with another vehicle so that the employee could continue their work trip. After obtaining what he needed to repair the vehicle, he was able to fix it and get it returned back to the employee. Through his level of customer service, Josh has shown that TDOT really is family!

# MACARIO Reyes

**TDOT Manager,**  
Region 1

*You Rock!*

***Congratulations!***

Congratulations to Macario Reyes for attaining his PE License in July! Macario has been with the department for over 7.5 years. Way to go, Macario!

# NICK

## Miller

**Transportation Engineering Specialist 3,  
Region 2**

*You Rock!*

***Thank you, for going the extra mile!***

Nick Miller did a fantastic job recently working with property owners at our ROW meeting on the East Brainerd SR-320 /SR-321 project. I was so impressed with how Nick handled addressing the concerns of the two property owners. He was extremely professional, kind and very understanding. He really listened to what they had to say and took their contact information so he would be able to work with them on their driveway concerns and it was obvious that the property owners were confident that Nick would follow up and work with them. It can be very difficult to work with property owners sometimes when they feel TDOT is coming in and changing their property and Nick handled himself very well!

# PATRICK

## Eldridge

**Business Solutions Architect,  
HQ IT Division**

*You Rock!*

***You make TDOT great!***

Patrick inspires me each and every day with his vast knowledge, leadership skills, his uncanny ability to recall some miniscule detail about a software application the hardware associated with that software, or a business decision made years ago! Patrick has been my Project Sponsor on three separate occasions and with each project he makes me a better TDOT IT employee, project manager, and person. I look forward to meetings with him and the opportunity to observe him in action. If you haven't had the opportunity to meet or interact with Patrick, I highly recommend you find a way to do so! You're life will be richer!

# WESLEY Vaughn

**Transportation Engineering Specialist 3,  
Region 1**

*You Rock!*

## ***Congratulations!***

Congratulations to Wesley Vaughn for passing the PE exam in February and receiving his licensure in May! Wesley is a Transportation Engineering Specialist 3 in Region One Survey. He has spent all five and a half years within the survey department overseeing daily operations of the Knoxville survey crew as well as being a licensed drone pilot. Way to go Wesley!
