You Rock!

You make TDOT great!

Houston works tirelessly to resolve issues in Right-of-Way, answering customer calls & concerns in a timely manner and never acting as if any concern is too complex or ill-essential. He genuinely cares about the employees he oversees & is always there with an open-door policy & a listening ear.

Houston has been a gentle, but effective giant in the ROW unit of the Project Development division for 25 years now! He deserves to be publicly celebrated for his never-ending labors of duty with TDOT & for having served this great department within the State of Tennessee. Houston will celebrate another trip around the sun at TDOT on November 25, 2023. Thank you Houston!

**TRACY
Kraft**

**Transportation Worker 3,
Region 1**

You Rock!

Thank you, for going the extra mile!

Tracy comes to work every day and supports the garage with issuing stock and ensuring we have the items needed to maintain operations. She knows every stock number by memory and can tell you (without fail) how many we have on hand without running a report. She is indispensable here in Johnson City and we are lucky to have her at TDOT.
