JACK Dickens

**TDOT Operations Technician SPV,
Region 3**

You Rock!

Thank you, for going the extra mile!

Jack Dickens is always willing to serve others. On the Friday before Memorial Day, the mother of a fallen soldier notified our Regional Traffic Division that her son's bridge memorial sign was missing when she went to decorate it. We called Jack to see if he knew what could have happened to it. Jack knew the city had been doing a project in the area, so he started making phone calls on his end while we were getting ready to fabricate a new one. He went out to the site himself and found the sign down the slope under some debris. The sign was dirty and had minor damage, but Jack cleaned the sign up so it could be installed quickly. Within 2 hours of calling him, he had found the sign, fixed it, and had it back up on a temporary mount. The fallen soldier's mom was now able to honor her son and decorate the sign for Memorial Day. Jack saved the day for a mother with a broken heart and showing what the true TDOT spirit is.
