Civil Engineering Intern

Region 4 Construction

Locations: Jackson, TN

Compensation: \$18.00/hourly

Overview

The Tennessee Department of Transportation is currently hiring a student intern to work in the regional Construction office located in Jackson, TN. This intern will get an overview of the different projects that our construction offices are responsible for such as major grading projects, bridge construction, resurfacing, safety improvement projects, and maintenance contracts. Over the course of the program the intern will become familiar with Materials and Tests Standard Operating Procedures, TDOT Specifications, Plans Reading, Circular Letters, Contracts, and Special Provisions. The intern will learn to lead lane closure meetings and keep notes for the preconstruction conferences and weekly jobs update meetings to compose an email to be sent out to field and office staff to keep them advised. This will be part of the networking, using technology, and developing reports for the intern.

Responsibilities

- Review the Critical Path Report for a contract each month. A report will be generated detailing their findings in the CPM and its documents verses what work the contractor has performed that month.
- Become familiar with TDOT specifications, Materials and Tests Standard Operating Procedures, Construction Plans, and the different challenges that arise on a daily basis in the field.
- Assist field staff to learn the day to day operations of a District Construction office.
- Attend Microsoft Teams meetings with the supervisor for lane closure and weekly update meetings.
- Attend preconstruction conferences with the contractor and TDOT staff to be held either in person or via Microsoft Teams.
- Conduct site inspections on local, active construction projects.
- Assist in the preparation of documents necessary for payments to contractors.
- Attend materials testing classes, if available, to obtain certifications.
- Assist in performing environmental and traffic inspections on active jobsites.
- Assist in Maintenance Quality Assurance inspections.

Minimum Qualifications

- Civil Engineering major required.
- Junior, or Senior Class Status required as of May 2022 OR recent Graduate as of Spring 2021.
- Legally authorized to work in the U.S.
- Familiarity with foundational transportation engineering concepts.
- Critical thinking, effective communication skills, and problem-solving skills preferred
