

Who we are:

The Tennessee Department of Transportation provides citizens of Tennessee and travelers with one of the best transportation systems in the country. TDOT is a multimodal agency with responsibilities in building and maintaining roads, aviation, public transit, waterways, railroads, cycling and walking. Our involvement ranges from airport improvements to funding transit buses to planning for river ports.

The Department of Transportation has more than 3,400 employees statewide with regional facilities in Knoxville, Chattanooga, Nashville, and Jackson. TDOT's headquarters is located in downtown Nashville.

What we do:

The Roadway Design Office is responsible providing guidance and oversight for TDOT personnel by establishing roadway design criteria, maintaining, and developing roadway design standards and training manuals, ensuring roadway plans meet the state and federal policies as well as the targeted quality assurance and compliance standards.

Civil Engineering Intern
Region 4 Roadway Design
Locations: Jackson, TN
Compensation: \$20.00/hourly

Overview

The Tennessee Department of Transportation is currently hiring student interns to work in the Region 4 Design office located in Jackson, TN. This intern will learn the basics of Roadway Design through an introduction to the TDOT design standards, drawings, and construction specifications. The Intern will learn and understand Construction Plans, Roadway design procedures, and internal and external design coordination.

Responsibilities

- Participate in design-related training such as MicroStation, GeoPak, Google Earth Pro, PPRM, and Power BI.
- Work in a design office environment with Engineers and Specialists.
- Estimate roadway quantities, Including Pay Item Number, Description, Unit, and Quantity, consistent with TDOT Specifications.
- Assist with plans preparation, including cutting sheets and labeling pertinent information for assembling the Functional Design Plans and appropriate submittal documentation.
- Effectively coordinate with the Roadway Design team and coordinate with other disciplines to ensure the needs of the project are met.

Minimum Qualifications

- Civil Engineering major required.
- Junior, or Senior Class Status required as of May 2024 OR recent Graduate as of Spring 2023.
- Legally authorized to work in the U.S.
- Critical thinking, analytical, strong communication, and problem-solving skills preferred.
- Ability to focus, work independently, and follow directions.
