MONTHLY NEWS

Program Delivery Network (PDN)

The Project Delivery Network (PDN) is focused on replacing the workflow of Program, Project and Resource Management (PPRM) with a simplified, automated “roadmap” for project delivery. The goal is to have a network that is easy to understand and manage, that accelerates activities, can measure performance and produces efficient delivery at all levels.

The PDN doesn’t change “what” work we do; it changes “how” we do it. Additionally, the PDN is an opportunity for employees to understand project delivery from planning through construction. As further implementation of project managers progress, there will be on-the-job training to understand “how.” You can access more information about the PDN on our website by clicking [HERE](#).

- ✓ Understandable/Manageable
- ✓ Measure Performance
- ✓ Accelerate
- ✓ Efficient Delivery

IPD Project Team Training

Did you know IPD project team training has already been implemented for two of our transition projects? You read correctly! As you may know, TDOT has four active transition projects, one in each region, that are moving from the old way of working on projects, to the new way – the IPD way. Our IPD team has been training the new project team members for each of the transition projects. More project team training opportunities are coming your way.

IPD Roadshow

The IPD Roadshow is here! The first IPD Roadshow was held in Region 1 on September 26. These in-person events give our employees the opportunities to learn more about IPD, and how TDOT is transforming the way we deliver programs and manage our projects to meet the demands of a 21st century TDOT! This is your chance to meet one on one with our IPD team and our champions. If you missed our first IPD Roadshow event, here are our upcoming stops:

Region 4, Auditorium - **Thursday, September 29 | 10 a.m. - 2 p.m. CDT**
HQ, JK Polk Building, H Level - **Tuesday, October 11 | 10 a.m. - 2 p.m. CDT**
Region 3, Auditorium - **Monday, October 17 | 10 a.m. - 2 p.m. CDT**
Region 2, Auditorium - **Tuesday, October 18 | 10 a.m. - 2 p.m. EDT**

Champion Video

Hear from Laura Chandler, Headquarters Roadway Design, Civil Engineering Manager 1, as she talks about EPIC and IPD. Laura is excited about the career growth opportunities EPIC brings, because now each person can choose how to advance their career by becoming a technical expert, project manager or go into leadership. “An employee will no longer be held back from career growth if they don’t have management experience.”
