

## Who we are:

Transportation is so basic that many of us overlook its overwhelming importance in our daily lives. Practically everything used in our homes, offices, or schools across Tennessee – from furniture to food items to clothing – requires a large and complex transportation network. The Tennessee Department of Transportation provides citizens of Tennessee and travelers with one of the best transportation systems in the country. TDOT is a multimodal agency with responsibilities in building and maintaining roads, aviation, public transit, waterways, railroads, cycling and walking. Our involvement ranges from airport improvements to funding transit buses to planning for river ports. The Department of Transportation has approximately 3,500 employees with four statewide region facilities in Knoxville, Chattanooga, Nashville, and Jackson.

### TDOT Intern Materials & Tests – Materials Control

Location: Nashville, TN

Compensation: \$22.00/hourly

#### Overview

The Tennessee Department of Transportation is currently hiring student interns for the Materials & Tests – Materials Control office, located in downtown Nashville. The intern will have the primary responsibility of assisting on various projects related to pavement evaluation, pavement design, resurfacing program, materials laboratories, and concrete and aggregate. Interns will assist with a range of technical and program activities, including pavement design and resurfacing duties, collecting and processing skid and profiling data, and creating related reports. They will support coring operations and laboratory work in asphalt, soils, and aggregate testing, as well as participate in concrete plant audits and mix design reviews.

#### Responsibilities

- Assist in retrieving/labeling cores, record field data, complete laboratory testing (if applicable), assist in forming a final report.
- Assist in the verification of mix designs and perform precast concrete plant audits.
- Assist with gathering the required information (Geotech Report, Traffic Data) to draft a pavement design.

#### Minimum Qualifications

- Civil Engineering, Concrete Industry Management, or Construction Management major required
- Junior, or Senior Class Status required as of May 2026 OR recent Graduate as of Spring 2025.
- Legally authorized to work in the U.S.
- Ability to use computer programs Word, Excel.

To be considered for this position, please visit the [TDOT Summer Internship Program](#) website and submit an application..

**Please attach a two (2) page maximum résumé and a transcript to your application.**
