

## Who we are:

Transportation is so basic that many of us overlook its overwhelming importance in our daily lives. Practically everything used in our homes, offices, or schools across Tennessee – from furniture to food items to clothing – requires a large and complex transportation network. The Tennessee Department of Transportation provides citizens of Tennessee and travelers with one of the best transportation systems in the country. TDOT is a multimodal agency with responsibilities in building and maintaining roads, aviation, public transit, waterways, railroads, cycling and walking. Our involvement ranges from airport improvements to funding transit buses to planning for river ports. The Department of Transportation has approximately 3,500 employees with four statewide region facilities in Knoxville, Chattanooga, Nashville, and Jackson.

### TDOT Intern

#### Region 1 Construction – District 19

Location: Harriman & Maryville, TN

Compensation: \$22.00/hourly

### Overview

The Tennessee Department of Transportation is currently hiring student interns for the Region 1 Construction (District 19) office located in Harriman and Maryville, TN. The intern will assist project engineers on various paving, safety, and bridge projects. They will provide weekly or biweekly updates to the Construction Office Team Lead on project progress and review construction methods observed during inspections. Throughout the internship, the intern will gain hands-on experience in multiple civil engineering disciplines, such as structural work on bridges, geotechnical aspects like retaining walls and foundations, utility coordination, resurfacing and safety requirements, and environmental practices including erosion control and stream relocation.

### Responsibilities

- Enter daily work reports completely and accurately while supporting compliance with contract and plan requirements.
- Conduct site inspections on the identified construction projects (widening, new construction, resurfacing, signals, safety improvements, etc.).
- Review and interpret project plans and observe construction activities guided by plans and specifications.
- Attend materials testing classes, if available, to obtain certifications for materials sampling.

### Minimum Qualifications

- Engineering, Construction Management, or Concrete Industry Management major required
- Junior, or Senior Class Status required as of May 2026 OR recent Graduate as of Spring 2025.
- Legally authorized to work in the U.S.
- Strong communication and teamwork skills preferred.

To be considered for this position, please visit the [TDOT Summer Internship Program](#) website and submit an application..

**Please attach a two (2) page maximum résumé and a transcript to your application.**
